

CERTIFICATE OF CONFORMITY

Elistar Antares

Product Information

Product Number:	XLSE144
Lot Number:	PC30A-AR-4
Description:	Chemiluminescent Substrate for CLIA
Components:	Luminol-Enhancer Solution, Cod. XLSE144L, Lot PC30B-AR-4 Peroxide Solution, Cod. XLSE144P, Lot PC30C-AR-4
Storage:	Room Temperature
Stability:	Components provide a kit performance stable for 12 months from date of receipt when properly stored
Document Release Date:	05/10/2022
Document Revision:	00

Conformance & Quality systems statement

This document certifies that the product complies with the manufacturer specifications and its ISO 9001 Quality System.

The product was tested according to documented internal quality procedures and approved since it meets the required specification.

Approved: *Nicholas Raytan Sese*

Quality Control Technician

Reviewed: *Roberto Prolegni*
